

RE  **Trans** **Worksheet (ASSESSMENT)**
 Reflection on group work

The following points should be considered when assessing the group work reflection on selected transport means of the future:¹

Name:	
Topic of the group work:	

Criteria	fundamental requirement		extended requirement	
	<i>largely met</i>	<i>fully met</i>	<i>largely met</i>	<i>fully met</i>
process of information collection described				
overview of source(s) used given				
combination between own and other development described				
combination between own and other development justified				
formatting specifications adhered to (= format)				
length specification adhered to				
good register				
common thread visible				
combination between own and other development transparent				
conclusive reasoning discernible				

Grading scale	must be fulfilled ...			
	↑	↑	↑	↑
very good		all	3 min.	2 min.
good		all	4 min.	
satisfactory	all except format	format	3 min.	
sufficient	all			

Note: Only the yellow marked fields are relevant for assessment (grading scale).
 → **Example:** "very good" results when the student has fully met all the basic requirements highlighted in yellow, has largely met at least 3 advanced requirements highlighted in yellow and has fully met at least 2 advanced requirements highlighted in yellow.

¹ The assessment grid was designed according to the Neuweg competence grid: See Neuweg/Krauskopf (2015) p. 5.
